1. At a shooting gallery, sport shooting range, or archery range operated in compliance with Title 11, Boise City Code, as required by Idaho Code § 18-3302J(4)(b);
2. At, upon, or within a structure on private property specifically designed and constructed for the safe discharge of a weapon or firearm. Boise City Council reserves the right to approve, disapprove, revoke, or terminate the allowed use of such structure based on its assessment of whether such structure creates a hazard or is otherwise detrimental to the public safety or convenience;
3. By a law enforcement officer while acting in the course and scope of his official duties; or
4. In the lawful defense of a person or persons or property, as required by Idaho Code § 18-3302J(4)(a).

B. As used in this chapter:

1. “Discharge” means the act that causes the potential release, expulsion, propulsion, or ejection of a projectile from a weapon or a firearm. If the weapon or firearm is capable of the expulsion of a projectile, the act of firing or releasing it shall be sufficient to constitute a discharge, without regard to whether or not a projectile was actually ejected, propelled, expelled, or released.
2. “Firearm” means a pistol, revolver, gun, rifle, or other ordnance, including a miniature weapon, which projects a missile or shot by force of gunpowder or any other explosive or chemical reaction.
3. “Weapon” means any instrument, device, article, item, or thing

capable of releasing, expelling, propelling, or ejecting a projectile through the action or release of a spring, pressurized gas, compressed air, expanding gas, explosive, chemical reaction, or other force-producing means or method including, but not limited to, objects commonly referred to as air guns, air pistols, air rifles, BB guns, pellet guns, blow guns, airsoft guns, or paintball markers or paintball guns.
